FIG. 3B

Audit Deep Links Creation and Reporting				Base URL: https://qa-pub.arrowsight.com						
		Audit Source: Procedural								
Instructions		Date: 3/22/2003	(Saturday)							
1. Set the date for which the audit will be performed on				Do not edit/delete this button =====						
2. Click on the "Generate URLs" button to create deep link URLs/buttons.				<i>(It is our template for all the buttons created dynamically In production this button can be hidden from users' view)</i>						
3. Once buttons are created, the deep links are navigated to support each audit.										
4. Once all audits have been performed, "Upload Audit Info" button is used to upload data from all the sheets.				<input type="button" value="Reset"/>						
5. If exception status is changed, "Upload Audit Info" will also update audits with that change.				<input type="button" value="Generate URLs"/>						
<i>It is important to note, that unlike the old deep-link report generator, this one does not care about positioning. Running "Generate URLs" will cause all deep-links to be updated!</i>				<input type="button" value="Upload Audit Info"/>
